

## *Poly Mesh (Onion Net) Bags*

**Poly Mesh (Onion Net) Bags** ideal for packaging various agricultural commodities and produce including onions, potatoes, oranges, cabbages, shellfish, firewood, and pre-pack baler bags. Made from 'Leno' weave Polypropylene, the nets that we supply are strong, robust and resistant to fading and UV breakdown. Standard colours are Tangerine, Red, Purple, Green & White. If your colour is not one of these we can have specific colours made up for you.

### Wicketed Leno

Capacity: 2.5-50kg

Popular Size: 65x44cm, 80x50cm, 82x51cm

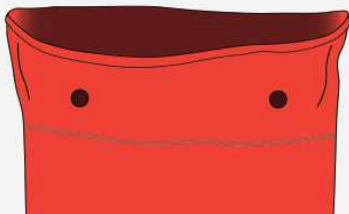

### Drawstring

Capacity: 2.5-50kg

Popular Size: 60x40cm, 80x50cm, 79x53cm

## Features

### Wicket Top

The wicket top is designed for use on Wicket or Baximatic filling machines as it allows for high speed production.

### Drawstring Top

The draw string top allows the bag to be easily opened and closed many times.

## Ventilated Bulk bags

- Ventilated strips on all four body panels of the bag.
- Ventilated strips on two sides of the bag and a mesh material on the other two sides.
